BERLIN, Aug. 6.—With
895,000 Soviet troops captured
and an even greater number
killed or wounded, German
forces have won the battle
of Smolensk, the "drive to Moscow" is under
way and swift progress is being
made on all fronts, the
Nazi high command announced today.
According to authentic German
quarters, Soviet dead now total approximately 3,000,000.

PA NEW OBSERVES

Pa New saw a man, alighting
from a bus, sporting a big green leaf
as a boutonniere. And men criticize
feminine fashion tads!

Increasing traffic at West Washington
street and Atlantic avenue
intersection leads to the belief that
a traffic light at the intersection
would aid traffic movement.

Pa New notes that the cannon
at the Battery B Memorial at Mt.
Jackson has been given a fresh coat
of paint. It looks most attractive.

Threshing work is in progress on
many Lawrence county farms these
days. Oats are now being threshed.
and huge stacks of straw are to be
seen near the barns.

Pa New discovered a new situation
in the way of a traffic menace
last night. Several cars were noted
that were parked along a state high-
way, protruding several feet into the
concrete highway.

Winter is coming! At the state
highway headquarters on the Wil-
mington road, huge piles of ashes is
being accumulated as reserve for use
in ashing slippery highways next
winter.

Pa New is informed that there
are few houses for rent in the city
at the present time.

Upon the counter of The News of-
fice at the present time is a display
of petrified wood which was sent to
the paper by Walter G. Marshall,
a former compositor of The News
who resides in the printers' home in
Colorado Springs, Col. The pieces
are varicolored running from light
gray to a red-brown.

There is on display in the News
office the upper and lower jaw of a
Leopard shark caught by Benny
Lloyd of this city while fishing re-
cently off the east coast of Florida.
The shark weighed 300 pounds, a
one-pound catfish being used as the
bait. Each jaw has several rows of
teeth. As the shark loses a front
tooth another tooth slides from its
position and moves into its place,
according to Lloyd.

British Bombers Resume Nazi Raids

(BULLETIN)
(International News Service)
LONDON, Aug. 6.—
Squadrons of British bomb-
ers once again hammered in-
dustrial cities in western
Germany last night and early
today, returning to the of-
fensive after a lay-off Mon-
day night caused by bad
weather.
Tons of explosives and incendiaries
were rained on the German
centers of Mannheim, Frankfurt, Kar-
lsruhe and other strategic manu-
facturing areas.
An air ministry communiqué called
the night attacks on Germany
particularly successful, it said:
"A great weight of the heaviest
cabiner bombs was dropped on Mann-
heim, Frankfurt and Karlsruhe.
Severe and widespread damage was
caused by the conspicuously suc-
cessful raid."

Australia Hints Broadly More U. S. Warships Near

MELBOURNE, Australia, Aug. 6.
—For the benefit of Japanese ears,
Australian Navy Minister W. M.
Hughes hinted broadly today that
"other" United States warships may
be roaming through the waters of
the Southern Pacific.
Hughes made his remarks in com-
menting on the visit to Australia of
the United States heavy cruisers
Northampton and Salt Lake City.
In a pointed reference to Japan,
which he did not mention by name,
Hughes said:
"The visit will not escape the notice
of our friends in the north."
Believe Others About
"Although only two warships are
here, we are encouraged to believe
there are others about."

Ground Broken At Court House

Work Gets Under Way On
Addition To Main Court
House Building

NEW ADDITION
TO COST \$69,000

Ground was broken this morning
on the new addition to the main
court house structure, contract for
which was recently let to Matthew
Leivo and Sons, and the work is ex-
pected to be rushed to completion
as rapidly as possible.

A huge steam shovel began biting
into the earth along the rear of the
building, and within a few hours,
a sizeable hole had been scooped out
between Court street and the main
structure.

The main contract was let to the
Leivo's for \$62,900, with the heating
contract going to William H. Clark
and Co., for \$2,122; the plumbing to
Fred H. Kay for \$2,150.90 and the
electrical work to Chamberlain and
Glue for \$2,448, making a total of
\$69,626.90.

In addition to the basement, there
will be vaults and several rooms on
the first floor, with four rooms on
the second and third floor, which
will all be used for office purposes.
This is expected to house all the
county offices without crowding any-
one.

announced by the Russian
high command today.
"Fighting continued throughout
the night in the direction of Kholm,
Smolensk, Byelava-Tserkov and on
the Estonian sector."
"In other directions and sectors
of the front no major action oc-
curred."
"The air force continued to strike

it was stated that five Nazi raiders
were shot down in a night raid on
the capital.

Several groups of German planes
attempted to attack the Soviet cap-

said only single machines succeeded
in penetrating the city's defenses.
Five of these were brought down

A war communique issued by the
high command told of continued

Britain And Japan In Diplomatic Battle Over Fate Of Thailand

By KINGSBURY SMITH
(International News Service Staff
Correspondent)
WASHINGTON, Aug. 6.—Great
Britain and Japan are engaged at
present in a desperate diplomatic
tug of war over the fate of Thailand
(Siam), informed sources disclosed
today.
Authoritative observers in Wash-
ington believe outcome of the pres-
ent diplomatic duel that is being
waged over the tiny Far Eastern
state will have an important bear-
ing on the question of whether
there is to be war or peace in the
Pacific between the western powers
and Japan.
Danger Of Conflict
If Thailand gives way to Japanese
pressure for the use of its bases,
these observers believe the danger
of a conflict between Great Britain
and the Nippon empire will be
brought much nearer.
Both Britain and Japan are
bringing the strongest possible dip-
lomatic pressure to bear on Thai-
land to support their respective
causes.
The diplomatic duel is somewhat
similar to the one that was waged
in Europe between Britain and
Germany over Yugoslavia. Great
Britain, through its diplomatic rep-
resentative in Bangkok, is warn-
ing the Thailand government against
the danger of backing the wrong
horse in the present world struggle.
Britain's complete confidence that
it will, with American aid, bring
about the ultimate defeat of Nazi
Germany and put a stop to the

Is Roosevelt Meeting Churchill In Atlantic?

Persistent reports from both Washington and London indicate that President Roosevelt, left, and Prime Minister Winston Churchill of Great Britain, right, heads of the two great democracies of the world, will meet, or are meeting somewhere on the Atlantic ocean. Reasons given for this belief are that unusual secrecy surrounds the president's "vacation" cruise aboard the presidential yacht Potomac, top; it has been announced that Churchill will be absent from an important war debate in parliament; nothing is known of the whereabouts of Churchill or Harry Hopkins, F. D. R.'s long-time representative, who has just returned from Moscow to London, and the chief executive has in the past expressed a desire to meet the British leader.

districts in the county to follow.
This action was taken as the new

schools have only had an eight-
month term, and there has been no
uniform opening or closing date,
nor have vacation periods been observed
at the same time.

Japanese News Agency Charges Britain Plans Seizures In Thailand

By JOSEPH DYNAN
(International News Service Staff
Correspondent)

TOKYO, Aug. 6.—Great
Britain apparently is prepar-
ing to seize key points in
Thailand by force, the official
Japanese news agency
Domei charged today.

While Japanese authori-
ties expressed fear regarding
United States strategy, and
Nipponese forces massed on
the French Indo-China fron-
tier facing Thailand, the na-
tion prepared for the "inevita-
ble worst."

Domei's statement said:
"On the basis of Bangkok and
Manila reports claiming concentra-

tion of Chinese troops on the Burma
border, as well as disposition of
British and Australian troops on the
Burma-Thailand border, the land-
ing of reinforcements at Singapore
and other steps directed against
Thailand as the immediate objective,
the British apparently are preparing
to seize key points in Thailand by
force if necessary."
Although Domei admitted Japa-
nese troop concentrations on Thai-
land's border, government circles
remained silent.

A naval spokesman, commander
Hideo Hiraide, stated Japan is con-
fident the Germans will defeat the
Soviets. But he said the government
is anxious lest the United States
before the Soviets are over-run, ac-
quire bases in Siberia "threatening
the Japanese rear."

Two Fort Bragg Soldiers Killed In Pistol Battle

Shooting Occurs On Commer-
cial Bus Between Fayette-
ville And Ft. Bragg

(International News Service)
FORT BRAGG, N. C., Aug. 6.—
Two Fort Bragg soldiers were killed
early this morning and five were
wounded in a pistol battle staged
on a commercial bus traveling be-
tween Fayetteville, N. C., and Fort
Bragg.
M. P. Sergeant Elwyn L. Har-
graves, 29, of Corsicana, Tex., was
shot and killed by a Negro soldier,
Private Ned Turman, 27, of Ashton,
S. C., in the shooting, which occur-
ed at 1:26 a. m.
Fort Bragg authorities said Tur-
man fired on Hargraves in the midst
of a heated "disturbance," but de-
clared they had not received a de-
tailed account of the dispute. An
investigation was ordered immedi-
ately.

Turman, apparently firing wildly
with his pistol, also wounded Allen
E. Katzaman, 22, of Sheridan, Pa.,
and Technical Sergeant Weldon W.
Smith of Fayetteville.
When Turman began shooting, M.
P. Sergeant Russell Owens of Hart-
ley, Ky., reportedly drew his pistol
and killed Turman.
Negro Privates Seton Kinnebrew,
32, of Rome, Ga., and Virgil Brown
of Crimston, S. C., were injured by
stray shots, believed to have come
from the gun of Sergeant Owens.

American Supplies Enroute To Russia

(International News Service)
WASHINGTON, Aug. 6.—The first
shipment of American supplies to
the Soviet Union under the aid-to-
Russia program has started on its
way, informed sources disclosed to-
day.

The shipment covers important
materials purchased some time ago
by the Amtorg Trading Corp., official
agency for the Soviet Union in this
country. Original shipment of
the goods had been held up but
clearance was quickly granted fol-
lowing the decision of the United
States to aid Russia in its efforts to
resist the German invasion.
The identification of the ship car-
rying supplies to Russia and the
American port from which it sailed
are considered military secrets, but
the Soviet far eastern port of Vlad-
ivostok is understood to be im-
mediate destination of the supplies.

RAILROAD WORKERS TO TAKE STRIKE VOTE

(International News Service)
CHICAGO, Aug. 6.—Machinery

vote among the nation's 1,130,000
railroad workers following rejection
of their demands for wage increases
which railroad management has
estimated would total \$900,000,000
annually.
The strike vote was authorized
by officials of the 19 railroad uni-

which they had been negotiating de-
clared the carriers could not grant
the requested pay raises.

Jap Intervention In Thailand To Be Perilous Step

LONDON, Aug. 6.—Great
Britain today warned Japan
against any intervention in
Thailand.

Taking the floor during a
general war debate in which
several members urged im-
mediate British action
against Japan, Foreign Sec-
retary Anthony Eden said:
"Someone in authority in
Japan is endeavoring to man-
ufacture a case for Japanese
intervention in Thailand."

"If such a step is taken, it
must inevitably give rise to
a most serious situation be-
tween Britain and Japan."
"Any action threatening
the independence and integ-
rity of Thailand would be
a matter of immediate con-
cern to this country, particu-
larly as threatening the se-
curity of Singapore."

Reichsfuehrer Adolf Hitler's
action against Russia, Eden said,
to some extent crushed and confused
the faith of his own people.
"Militarily," he added, "every pre-
caution that could be devised to
see that Germany does not again
plunge Europe into war must be
taken."

"Economically, the position is dif-
ferent. It would be to our
and Europe's disadvantage that Germany
should be economically ruined after
the war."

Italian Paper Foresees Developments In Pacific In Near Future

JAPAN TURNS TO THAILAND

BULLETIN
(International News Service)
ROME, Aug. 6.—The Pacific powder barrel may soon blow up, according to an Italian paper, said in the Giornale d'Italia today.
"Japan is turning to Thailand," Gayda wrote.
"Thailand, which benefited by the Japanese move into French Indo-China, needs further help to withstand British threats."
"Russia is openly siding with an enemy of Japan despite her non-aggression treaty. As a result, 100,000 men have been added to the Japanese garrison in Manchukuo," Anglo-Saxon commerce, Gayda said, has been expelled from Shanghai and Hongkong.

MAJOR FIGHTING ALONG FRONT IS RUSSIAN REPORT

(Continued From Page One)
In bitter fighting to the north and south of the central section of the front.
This statement said Red army units repulsed several attempts of the German 16th motorized division to pierce the front lines on the northern sector and stated that in this engagement 1,500 Germans were killed and wounded and many more taken prisoner.
Large quantities of war materials were claimed to have been seized by the Russian forces, including 60 machine guns, 12 field guns of various calibers, 16 mine throwers, nine anti-tank guns, and other equipment.
On the southern front around Korosten, a Soviet counter-attack was said to have "smashed" a German infantry regiment. More than 300 Germans were killed in this battle and many officers and soldiers including the commander of the Nazi regiment, were captured, the announcement claimed.

plained merely as a preparation for occupation of the territories ceded to Thailand after final demarcation of the new border.
But while the Tokyo government kept its own counsel on its plans, officialdom and the general public—gave evidence of a period of intensive internal preparation for action.
The Japanese Domestic news agency quoted a report from Indo-China as stating Japanese "advance forces" reached an unspecified town near the Thai frontier at noon yesterday.
EDITOR'S NOTE: In anticipation of an early Japanese move, Britain landed more reinforcements at Singapore yesterday. During the past few days there have been reports of British mechanized troop concentrations along the Thailand-Malayan frontier.
A British radio broadcast picked up by CBS said the Tokyo government is increasing its economic pressure on Thailand and reported bank panic in Thailand have been prevalent upon to give the Japanese banks the credits they need in consequence of the Anglo-American freezing orders.
Denies Defense Pact Sought
Koh Ishii, official spokesman of the Tokyo foreign office, denied that Japan is seeking a joint defense pact with Thailand. He said Japan merely wants closer economic relations with Thailand and a monetary arrangement linking Thai currency with the Japanese Yen.
Meanwhile the Japanese government turned its attention once more to South America. The foreign office presented a new protest to Ecuador (recently involved in border warfare with Peru), demanding suppression of Anti-Japanese sentiment and protection of Japanese nationals.
Tokyo foreign office officials charged Ecuador threatened to expel several Japanese on suspicion of espionage, and claimed this action was based on "groundless rumors" that 3,000 Japanese joined the Peruvian army in the recent armed clash.
Japan had previously filed a protest with Ecuador but Tokyo officials claimed the anti-Japanese sentiment in Ecuador persisted. Officials in Japan expressed belief the matter will be settled amicably but said the government is still awaiting a formal reply.

disagreeably surprised" in Russia, and asserted that Britain now is ready to repel any invasion attempt.
Attlee opened debate on progress of the war in the absence of Prime Minister Winston Churchill, whose presence whereabouts continue to be shrouded in mystery.
As some members of the house demanded that Britain immediately move against Japan, and other loudly cheered Russian resistance in the east, Attlee declared Britain is ready to defend herself against any eventuality.
"Our ground defenses are incomparably stronger and our air strength immeasurably greater than a year ago," he said.
"We are confident that should the enemy attempt an invasion by sea or air, he will be destroyed."
EDITOR'S NOTE: Attlee paid tribute to the Russians only a short time after the German high command announced smashing new victories on all fronts and declared that organized Soviet resistance had been shattered.
"The Germans have been disagreeably surprised," he said, referring to Russian resistance.
During the month of July, he declared, the Royal Air Force staged 76 raids on Germany, 76 raids on German-occupied territories, and 126 raids in the middle east. The R. A. F. lost 285 planes during the month, while the enemy lost 410.
During the same period, the Royal navy destroyed, damaged, or put out of commission 69 enemy ships, aggregating 291,000 tons. In the North Sea and the Atlantic, he said, 126 enemy ships, totaling 168,000 tons, were destroyed in the Mediterranean. The latter total excluded warships and small vessels, he declared.
Attlee was rousing cheered when he referred to "vastly increased American aid" which "exceeds anything we received in the last war."
He pointed out that while Britain and the United States are independent and act independently their parallel action in the Far East "again has affirmed their community of interests wherever liberty is threatened."

Up To Japan

At a press conference, a representative of the Japanese newspaper Asahi asked Prime Minister R. G. Menzies whether he personally could do anything to ease the tension in the Far East.
Menzies replied:
"Japan herself knows most of the answers to the questions coming up. It is for Japan to make them."
"After all, no action on the part of Australia or any other British country produced the recent Far Eastern tension."
"We didn't move into Indo-China."

While these heavy assaults were in progress, German planes dropped bombs on various sections of Britain. The communiqué admitted damage at a few points but said casualties were small. A northeastern Scottish coastal town was among the places bombed.

Deaths of the Day

Mrs. Margaret R. Cummings
Following a short illness, Mrs. Margaret R. Cummings, aged 80, passed away at the home of her daughter, Mrs. James G. Patterson, in New Wilmington this morning at 7 o'clock.

Mrs. Cummings, born in New Wilmington on May 24, 1861, daughter of David B. and Elizabeth Marquis Moore, spent her entire lifetime in that community. She was a member of the New Wilmington United Presbyterian church. Fifty-seven years ago she was married to John W. Cummings, who preceded her in death October 12, 1933.

Survivors are the following children, Mrs. Helen Patterson of New Wilmington, Mrs. Mary Morgan of Youngstown, Thomas Cummings of Canfield, O., Howard Cummings of Ellwood City, David Cummings of Mercer; six grandchildren, two sisters, Mrs. William Phillips and Miss Ella Moore, both of New Wilmington and one brother, D. H. Moore, Rochester, N. Y.

Funeral services will be conducted from the New Wilmington United Presbyterian church Friday afternoon at 1:30 o'clock, with the pastor, Dr. J. Ralph Neale, officiating. Interment will be in Fair Oaks cemetery.

The body has been removed to the Sharp funeral home in New Wilmington and will be taken to the residence Thursday morning at 10 o'clock.

Mrs. Olive Grove Brown

Mrs. Olive Grove Brown, aged 80, died at the home of her daughter, Mrs. Norman Hunt, New Castle, R. D. 4, Tuesday morning. She had been in her usual health until she became suddenly ill Monday night.

Mrs. Brown was born in Mercer county on January 27, 1861, daughter of David and Elizabeth Grove. On March 20, 1882, she married Thomas M. Brown, who preceded her in death on November 22, 1937. She had resided near Slippery Rock until Mr. Brown's death. Since that time she had lived with her daughter at the home where she died. She was a member of the Bethel U. P. church of near Slippery Rock.

SCHEDULE FOR COUNTY SCHOOL TERM ADOPTED

(Continued From Page One)

up as early as possible in the spring. Have shortened vacation periods. It is the hope of the board, that all districts will adopt this schedule, making the term in all districts a uniform one.

The annual County Teachers Institute will take place on August 26 and 27, the last week in the present month, and the board suggests that the county schools start their fall term on Tuesday, September 2.

Vacation dates in the schedule are as follows:
Friday, October 2, Midwest P. S.
E. A. convention.
November 11, Armistice day.
Christmas vacation, December 24 to January 5.
Easter vacation, April 3 to 6.

Adoption of this schedule would enable the schools to close on May 29 next spring.

In addition to this action the board examined the auditors' reports from 22 districts, approving 17 and rejecting 5, which must be changed to conform to the state requirements.

SMOKE IN HOME

Firemen were called to the home of Tony Mike, East Long avenue, this morning about 10:10 o'clock, due to smoke which was commencing to fill the home. The smoke originated from the furnace where paper was being burned. Firemen reported that lack of a smoke pipe forced the smoke through the home.

BERLIN REPORTS 895,000 REDS ARE HELD PRISONERS

(Continued From Page One)
along the bloody 2,000 mile battlefront, the high command said that "staggering losses" had been inflicted upon the enemy.

Troops Advancing

German troops are now advancing on all three sectors of the field—toward Leningrad, Moscow and Kiev in the Ukraine.

Declaring the Soviet high command is no longer in possession of reliable information regarding the situation in its own front, Reichsfuehrer Adolf Hitler's field headquarters explained its own silence in these words:
"German reports have exercised greatest reserve in order that valuable information should not find its way into the hands of the enemy."

"But in view of the commencement of new operations, the moment has come to give information regarding the gigantic struggle which started with penetration of the Stalin line."

"The successes achieved thus far have exceeded expectations. They are only being correctly judged by the fact that bloody enemy losses in stubborn fighting far exceed the number of prisoners taken."

Achieve Successes

"German forces have achieved super-human successes in fighting what hitherto have been our toughest adversaries, and the German armies are now proceeding to smash Soviet power."

"The superiority of our generalship and the arms and training and experience of our troops and their allies made crushing of the Soviet armies possible."

"Railway lines in occupied territories close to fighting line are now almost completely restored and Germany is ready to continue the battle of new operations in a sector which has been closed with a number of new victories."

Coincident with this communiqué, the high command announced that many tons of explosives and tens of thousands of incendiary bombs were dropped on Moscow last night. Many fires were started at "war important" objectives, especially airplane plants.

Straggleholds Taken

The war bulletin said the Soviet strongholds of Ostrov, Porkhov and Pleskov had been taken by advancing German legions as well as the Estonian cities of Dorpat, Fellin and Pernau.

The direction of these new gains on the Estonian front and the battle ground east of Lake Peipus indicated the Germans are aiming at a great flanking movement north of Leningrad to cut off the USSR's second largest city from all contact with Moscow and other parts of Russia.

The total Red army losses were listed as 895,000 prisoners, 13,145 tanks, 1,288 guns and 9,982 planes.

The enemy's bloody losses are much higher than the total number of prisoners," the communiqué said.

"The Russians have proved our toughest adversaries, but the German armies are proceeding to smash Soviet power."

German Communiqué

The lengthy communication, surveying all scenes of operation, disclosed that German troops had achieved major penetrations at three main points between the Black sea and the gulf of Finland. The statement said:
"First, Field Marshal Ritter von Leeb was faced with the task of smashing the line along the Leningrad-Soviet border and at the same time defeating Soviet forces in Estonia."

"In a daring attack an army commanded by Col. Gen. Busch and a panzer group under Col. Gen. Hoepfner penetrated fortified positions in the Peipus lake area and after heavy fighting turned northward and started the advance on Leningrad."

"Second, in the southern plains, Field Marshal von Rundstedt was confronted with difficulties on the ground, bad weather conditions and a numerically superior enemy."

"Armed under General Stueppel and Marshal von Reichenau, supported by panzer groups under Col. Gen. von Kleist after heaviest battles drove a wedge to the gates of Kiev."

"Due to this penetration far behind the Stalin line, it was possible to break through between the Dniester and Dniester rivers, cut off enemy communications in the rear and start the encirclement battle which at present is in full swing. Hungarian and Slovakian formations played an important part in these bloody battles."

"At the same time German and Rumanian forces under Gen. Ion Antonescu (premier of Rumania) closed in on the heavily defended Pruth river sector and liberated Bessarabia while Col. Gen. Ritter von Schoebert started across the middle Dniester to the north in order to establish contact with forces advancing from the north."

"Third, in the central sector, armies under Field Marshal Fedor von Bock victoriously ended the battle of Smolensk, which was unique because of the area and violence of the conflict."

In the course of four weeks, Gen. Freiherr von Weichs and panzer groups under Col. Gen. Guderian and Col. Gen. Hoth inflicted enormous and bloody losses.

"An inestimable amount of war material was captured. The air force under Field Marshal Kesselring played a decisive role in this victory."

REPORTS ACCIDENT

Automobile operated by State Senator J. K. McQuiddy and Morris Kantz, 120 East Long avenue, reportedly were in an accident at 2:30 p. m. Tuesday at the intersection of North and North Mill streets, according to a report made by the senator at police headquarters. Both cars were damaged.

BRITAIN AND JAPAN IN DIPLOMATIC BATTLE

(Continued From Page One)

Axis movement of world conquest also has been expressed to the Thailand government, according to reports received here.

Tokyo Stresses Claims

Tokyo, on the other hand, is reported to be advising Thailand that a golden opportunity now exists for it to join in Japan's plans for a "new order" in Asia, and at the same time, warning by implication that any attempt by Thailand to throw in its lot with the democratic bloc of western powers will bring swift retribution from the Japanese armed forces now being massed in neighboring French Indo-China.

Both sides are backing up diplomatic pressure with displays of military forces near the borders of Thailand. The British are rushing troops and warplanes through Malaya to the vicinity of Thailand's border while a British naval squadron is reported to have made an appearance in the Gulf of Siam.

Arrival of two American cruisers in Australian waters and establishment of a special United States Far Eastern army air force in the Philippines under direct command of Lt. Gen. Douglas MacArthur also is seen here as part of this government's contribution to the diplomatic drive to impress Thailand as well as restrain Japan.

ARMY SERVICE EXTENSION STILL SENATE PROBLEM

(Continued From Page One)

whether administration forces could defeat Burton's proposal by more than four votes.

It was considered likely that Sen. Russell (D) Ga., or some other administration supporter, would offer an amendment similar to the Burton proposal, but Republicans served notice that they will insist on "regular procedure," which would force the senate to decide the issue of service on the proposal of their Ohio colleague.

Result of the mixed opinions in the senate was that many Democrats were in the position of publicly opposing the Burton amendment, but privately supporting it.

Strategy Breaks Down

Administration strategy broke down on the senate floor late yesterday after defeat by a vote of 30 to 27 of an amendment by Sen. Taft (R) O., that would have limited the army service of selectees to not more than 18 months. The senate immediately reversed and another measure replaced the service extension bill as the business of the moment.

Administration leaders expressed pleasure with the vote against the Taft amendment, but members of

BANK BANDITS NOT TAKEN YET

(International News Service)

STROUDSBURG, Pa., Aug. 6.—G-men today led an eight-state search for four heavily armed holdup men who wrenched \$76,000 in cash from two bank employes on Stroudsburg's busiest street and fled in the direction of New York.

FBI agents were questioning Ralph Rheinfels, 37, a teller, and Lewis Heinley, 60, a guard at the First National bank here, for a full description of the men. It was reported the bandits may be members of a large New York gang.

Authorities also were checking fingerprints on an automobile abandoned by the thugs in an effort to identify the men. The robbers switched to a second machine hidden near Camp Karamack, N. J., after terrifying the caretaker of the establishment.

GARDEN CLUB PLANS CORN ROAST AND SHOW

"New Castle Beautiful" was the slogan adopted by members of the Men's Garden club when they held their meeting Tuesday evening at the summer cottage of Andrew Dodds, located along the Slippery Rock creek.

After the serving of refreshments, including watermelon, the meeting was opened with the president, Andrew Dodds, in charge. Prof. Charles G. Lindner reported for the flower show committee. The show is to be held Friday and Saturday, September 12 and 13. There will be no entrance fee, and admission will be free to the public. On commercial exhibits, not competitive, there will be a fee. The junior exhibit will be free to all children in Lawrence County not over 14 years of age. A competitive display of bird houses and bird feeding stations will be open to all boys in Lawrence County not over 14 years of age.

All other competitive exhibits will be open to members of clubs affiliated with the Lawrence County Garden Forum only.

Owen P. Fox, chairman of the annual corn roast, made a partial report and announced the following committees: Prof. Charles G. Lindner, general chairman; supplies, J. W. Anderson, George Miles, Ben Campbell, Wilbur Ramsey; grounds, Charles Black, O. A. Rodgers, Kenneth Breneman, Dan Phillips, John Robinson; tickets, Charles T. Metzler, William J. Kinnard; corn roast and service, Owen P. Fox, N. R. Casillo, William C. Williams, Andrew Dodds, John L. Emery, Oliver Tervo, Joe McMillin, Howard Butler; parking, Dr. C. Lee Mellinger, E. A. Whiteman and Boys Scouts; lighting of grounds, Charles N. Gleiding, Kenneth Breneman; chairs and seating, W. S. Caskey, Irvine A. Balph; entertainment, J. W. Anderson, George E. Miles.

Arrangements have been made for the corn roast to be held Tuesday, August 26, at 6 o'clock at the J. S. and Charles Black homestead, East Brook. In case of rain that evening, the event will take place the first fair evening following. The general public is to be invited to this affair with proceeds to be used for the beautification of New Castle.

An invitation was received and accepted from the Men's Garden club of Pittsburgh to attend their flower show in Phipps Conservatory on September 13 and 14. A request that the local club have a display at the New Castle Fair in the Merchants Hall on August 19, 20 and 21 was favorably voted on and John Robinson appointed as chairman. The request of Owen P. Fox that the club donate plants and seed of portulaca for 200 feet of planting along the Croton avenue wall was granted. Dr. Norris A. White was elected to membership in the club.

The meeting then adjourned in order that the club members could attend the corn roast at the Boy Scout camp. The next regular meeting will be held September 2 at the Jordan Game Farm.

Corn Roast And
Water Carnival
End Camping TripSummer Residents Of Cottage
Grove Entertain For Beaver
Patrol Members

As a parting gesture, the summer residents of Cottage Grove entertained at a corn roast for the Boy Scouts of Beaver patrol of Boy Scout troop 4 who have been camped at the grove for the past three weeks.

Parents of the scouts were special guests for the event. After the corn roast, the boys staged a water carnival for the benefit of those present.

John Ford entertained with cable stunts, Paul Reed and Phil DeAngelis entertained with rope diving and Frank Calvert, Paul Reed, Clair Arble and Phil DeAngelis put on diving exhibitions. Bill Hutnick thrilled the audience with the cannon ball dive from a rope.

Frank Calvert won the boat floating contest. Herbert Mullen won the standing on an inner tube contest. Phil DeAngelis won the dead man float contest. John Ford won the watermelon race.

Miss Pat Taylor served as mistress of ceremonies for the carnival.

Music was furnished during the hours by Herbert Mullen, Pat Taylor, Bill Hutnick and Paul Olson. The boys appreciated the help of the following people who aided them during their stay at Cottage Grove: Mr. and Mrs. Bud Horschler, Mr. and Mrs. Frank Gibson, Mr. and Mrs. Ralph Taylor, Mrs. Miller and Mr. and Mrs. Neal.

Honor Moose Heads
For Member DriveLodge Bestows '25 Club' Pins
On Governor Shaffer
And Kearns

Two leaders of New Castle lodge No. 51, Loyal Order of Moose, were honored last night by their lodge brothers for outstanding service during the lodge's recent membership campaign.

They were Harold A. Shaffer, governor, and Pat Kearns, senior trustee, who brought 25 new members apiece into the Moose order in a drive which closed July 31. They received "25 club" emblems.

A. G. Harbert, past governor of the local lodge and a deputy general governor of the Supreme Lodge of the World, presented the emblems.

Moose members are looking forward to the annual lodge outing at Idlewild park, County Line road, on August 17.

State Highway
Employees Given
Wage Increase

HARRISBURG, Aug. 6.—The state highway department gave its 16,000 maintenance and construction employees a 3-cent-an-hour wage increase on Tuesday and at the same time officials said lack of materials and transportation was delaying \$35,000,000 worth of road work.

Secretary I. Lamont Hughes said the raise—effective immediately—would increase minimum pay from 45 to 50 cents an hour and represent an only of \$1,250,000 a year.

"Everybody else is getting higher wages and the men thought they should have increases, too," Hughes said. "The cost of living is going up."

Conscience Letter
Brings Man \$5.00

Ralph Thompson, owner of a store on East Washington street, has every reason in the world today to believe in human nature.

Recently Mr. Thompson received a "conscience" letter from a young New Castle man with a \$5.00 bill attached. It seems that when the young man in question was a young boy he was in the habit with other young boys of stealing candy and chewing gum, etc., from the Thompson store.

Having adopted religion, the young man felt that he had to make restitution for the petty-thieving and did so. The money was given to the church by the Thompson family.

Son In U. S. Army
Tells Of Service

Mr. and Mrs. Charles S. Marchand, Jr., have received word from their son, Private Clyde Marchand, attached to the U. S. Engineers, at Camp Jackson, Columbia, S. C. He states that they have been going through intensive training, during the day and night, his lieutenant saying, they were giving them three years training in one. Training has now been cut to nine or ten hours a day. In a rifle marksmanship test, recently, out of 850 men, only four failed to qualify, and those were men who had never handled a gun before entering the service.

Fordham Needle
Registers Quake

(International News Service)
NEW YORK, Aug. 6.—An earthquake of "fairly severe intensity" was registered early today on the Fordham University seismograph, the first shock being recorded at 2:24 a. m. (EDT), the second eight minutes later.

The quake was estimated at about 3,760 miles from New York in an undetermined direction.

TO TEACH PITTSBURGH

Ireland May Seek U. S. Aid

(BULLETIN)
(Special Washington Correspondent, New Castle News)
DUBLIN, Aug. 6.—A motion was introduced in the Irish senate today to request United States aid in securing Ireland against attack.
The motion, to be discussed later, read "that in the opinion of the senate the government should take immediate steps to obtain full and effective cooperation of the government of the United States in securing Ireland against attack."
Political observers felt that the motion had little chance of survival. Parliament was amazed, however, that Senator MacDermott, author of the measure, dared to break with prevailing political opinion.
Some quarters thought it possible an avalanche of support may be forthcoming later, but this was generally doubted.

Graham Opposed Move For Joint Income Report

By ARTHUR C. WIMMER
(Special Washington Correspondent, New Castle News)
WASHINGTON, D. C., Aug. 6.—Representative Louis E. Graham of Beaver this week helped defeat the proposal that husbands and wives be required to file joint federal income tax returns.
Language requiring such returns was in the tax bill as called up in the House of Representatives for debate. That body, by a 246 to 160 ballot, voted to strike out the requirement. Congressman Graham voted for elimination of the proposal.
The bill has now gone to the Senate where it is generally believed a majority will agree to reject the joint return stipulation.

Amateur Show To Be Given At Playground

LATEST PARIS FASHION
(International News Service)
PARIS—A shirt which is transformed into a hood and cape is one of the novelties which has made its appearance in Paris. It is a creation of Germaine Lecomte, who recently inaugurated her new dressmaking premises with a brilliant mid-season showing. The shirt in question when removed on a beach or elsewhere leaves a pair of silk bloomers to match the blouse and becomes a hood and cape to protect from sun or rain.

WHOA! THERE'S A PENNY!

"Hold everything! There's a couple dozen cups of coffee brewed up! I just figured out today how many pennies we spend a day for electricity—and when I divided that by all the uses we get, I found out what a big job a cent's worth of electricity will do."

"So whoa!—that penny is important electricity money—and I'm a big hand for bargains!"

Bargain Day for Electricity

Cost of living going up? Cheap electricity is still your best bargain. Use it to save in many ways. It was never cheaper than today. The price of your electric service is 43% less than it was ten years ago!

Now's the time to buy electrical appliances. You'll be glad you did. Visit the dealers' stores—and ours, too.

Kills Rattlers North of Mercer

(Special To The News)
MERCER, Aug. 6.—Charles George, local section foreman of the B. & O. E. railroad, has added 36 rattlesnake buttons to the collection he is making for a belt.

He has killed two rattlers that had nine buttons each and another snake with ten buttons. One of the larger snakes had eight young ones and another nine. Each of the little snakes had a button which he can use in the belt. Last week Mr. George killed an eight button rattler with five young ones.

The reptiles were killed in "rattlesnake swamps" north of Mercer, while George was mowing weeds along the railroad's right of way.

Armistice Day Plans Furthered

Committees Named And Details Of Celebration Discussed By General Committee

PARADE WILL OCCUR AT NIGHT

Plans for the Armistice Day celebration, which will take place here on November 11, embracing all veterans posts of the county, were furthered at a meeting of the general committee Monday night in the rooms of Neshamock Post, No. 315, V. F. W. Chairman Orville Potter presided.

It was decided to have the celebration during the evening, with a parade starting the program. All fraternal and patriotic organizations will be invited to participate. In this way, it is expected that the celebration will not conflict with celebrations in the surrounding district, and that many will come here after attending the celebrations elsewhere.

Eari B. Cummins was named secretary of the general committee and Ches C. Sweezy, chairman of the finance committee.

Chairman Potter announced that the next meeting will take place on Monday evening, August 18. The executive committee, which will have charge of the celebration, will consist of the officers, and the commanders of the four local World War veterans posts: Charles Marshall, commander of Neshamock Post 315, V. F. W.; Walter Dietterle, commander of Perry S. Gaston Post, No. 343, American Legion; Joe McCall, commander of Harry L. McBride Post No. 522, V. F. W.; and Chris G. Walker, commander of the Legion of Honor.

AROUND CITY HALL

City of New Castle has approximately 160 applications for sidewalks and if these are laid before winter arrives, the city will feel satisfied, according to Harold Wood, inspector. The squad of WPA employees numbers a score. The workers consist of five cement finishers, two form setters, two truck drivers and the others are laborers.

All persons must be out of city-operated parks at midnight, it was stated today. When weather is hot, many persons go to the city parks to escape the heat. However, none have been permitted to sleep there all night. Barking dogs, loud radios, spooning parties and what-not? They keep the police cars busy at night. Today the dog-catcher was operating in Milton street, Adams street, and other nearby sections trying to catch stray dogs.

Daily scores of people, armed with jugs and other vessels can be seen wending their way into and from Cascade Park. When they enter the vessels are empty but when they depart the receptacles are filled with pure, cool water taken from the famous Cascade springs, the park attaches report.

Electors Of 81 Communities To Vote On Liquor

(International News Service)

HARRISBURG, Aug. 6.—Electors of 81 communities of Pennsylvania will go to the polls at the primary election Sept. 9 to determine whether beer or liquor shall be sold within their confines.

The state elections bureau disclosed that 40 communities, in which the sale of liquor is now permitted, will hold local options on both beer and liquor. In eight others in which liquor is sold, electors will vote on that only.

Voting on the liquor question alone will take place in 30 counties, on both beer and liquor in 26 counties, and on beer only in two others. Dry communities holding referendum on whether liquor shall be returned include Tuscarora and Lock townships, Juniata county; Greene, Peters and St. Thomas townships, Franklin county.

Worriers give themselves a bad reputation. They take steps to prevent bad things, and thus seem to prove there was nothing to worry about.

Almost 800 Take Dip In Park Pool

Host Of Children Enjoy Cascade Park Pool On Monday

Monday was a great day; that is for the kiddies of New Castle, almost 800 of them took a "dip" in the bathing pool at Cascade Park in an effort to cheat Old Sol and his heat.

From early morning until late last night the kiddies kept the pool ringing with their shouts while they bathed and participated in aquatic sports.

According to park attaches the pool is kept open up to 10:30 p. m. when necessary. And usually when the weather is close people flock to the city's pool to escape the closeness of night air.

Seek Ships For Aid To Russia

Maritime Officials Seeking
Some Means To Obtain
Boats To Carry
Soviet Aid

TRADE CONCESSIONS MADE TO RUSSIA

(International News Service)
WASHINGTON, Aug. 6.—Maritime officials and other defense shipping authorities today are devising methods to obtain boats to transfer war materials to Russia following the pledge of the United States to give the Soviet "all economic assistance practicable."

In "the interests of national defense" under Secretary of State Sumner Welles has pledged Russian Ambassador Constantin Oumansky that the United States will aid the Soviet as part of this nation's own measures for defense against aggressors.

Some days ago the Maritime commission set up shipping rates for bottoms plying between the west coast and the Vladivostok.

Welles promised that Russian orders placed in the United States for war materials will be given "most friendly consideration" and the same type of priority now granted Great Britain, China and other nations "struggling against aggression." Welles also told Oumansky that the United States will issue unlimited export licenses to the Soviet Union.

In Defense Interest
"This decision," Welles explained, "has been prompted by the conviction of the government of the United States that the strengthening of the armed resistance of the Soviet Union to the predatory attack of an aggressor who is threatening the security and independence not only of the Soviet Union but also of all other nations is in the interest of the national defense of the United States."

Welles delivered the pledge of assistance to Oumansky at the same time that the United States and Russia renewed until Aug. 6, 1942, a trade agreement first signed in 1937 which obligates the Soviet Union to

purchase a minimum of \$40,000,000 worth of commodities in this country annually.

Under the agreement, the United States grants Russia various trade concessions, such as "most favored nation" tariff privileges.

Oumansky told Welles that the Russian government had instructed him "to express to the government of the United States its gratitude for the friendly decision" reached by this nation.

"The popularity and prestige of America in my country, where it has always been high, will be strengthened by this new agreement," the Soviet ambassador declared.

Oumansky added that the new agreement was "very important" for the following reasons:

"First, it extends to the Soviet Union in full your fixed policy of giving all aid to countries struggling against aggression."

"Second, it creates a firm basis for the implementation of that policy."

"Third, it is certain to promote the feeling of cooperation and friendship between the two countries."

State Farmers Organize For Fight On Wheat Quota

HARRISBURG, Aug. 6.—A group
of farmers claiming to represent
nearly half of the wheat acreage
planted in Pennsylvania set up the
framework Tuesday for a state-
wide organization to oppose what a
spokesman termed government "reg-
imentation of agriculture."

Backed by officers of the Pennsylv-
ania State Grange and Secretary
of Agriculture John H. Light, a for-
mer secretary of the grange, the
more than 100 farmers selected lead-
ers and planned a state-wide meet-
ing within 10 days.

J. Audley Book of New Castle, for-
mer master of the state grange, the
temporary chairman, said that while
they were specifically opposing the
Federal AAA wheat quota system
put into effect May 31, the group
went on record as opposing all gov-
ernment interference with agricul-
ture in Pennsylvania.

Independent school district of Chew-
ton, \$241.42. The total disbursements
amounted to \$16,378.12. For the col-
lection of the moneys the county
takes two per cent or \$321.07.

For the week ending August 2,
the registrations in the permanent
registration office showed an in-
crease but not one to get excited

about considering that this is the
last week to register before the pri-
mary elections.

During the week eighty-five voters
registered Republican, 28 registered
Democratic, seventy-six changed
from Democratic to Republican, two
changed from Republican to Demo-
crat and changed from No Party to
Republican, a net gain of 132 for
the Republicans.

Providing Water Supply For Louisiana Maneuvers To Be Tremendous Task

(Special To The News)
CAMP POLK, La., Aug. 6.—One of the tremendous tasks in connection with the Third Army maneuvers in Louisiana during August and September is water supply—keeping the thirst of more than a quarter million quenched, as well as supplying them with water for cooking, bathing, etc.

These troops will have the best water possible to drink because of the strict regulations carried out by all those officers and men who handle and purify water. Headquarters Third Army announced today, on completion of plans for water supply during the maneuvers.

To supply the largest force ever to have a "war" on American soil with water for drinking, cooking and bathing, the 80th Engineers Battalion is the organization chiefly responsible for water supply and purification.

Eleven Divisions
Augmenting the 80th Engineers are the division engineering units in the 11 divisions which are participating in the war games. Each of the divisions has a mobile purification plant, which is capable of purifying 75,000 gallons per day.

This total of 1,500,000 gallons per day is equivalent to an allowance of more than five gallons per day per man, and though seemingly generous, is actually a small fraction of the per capita consumption of water in most towns and cities in the United States. Engineers estimate that the per capita amount of water used in Houston and New Orleans are almost 20 times that quantity allowed each soldier in the maneuver area.

The main supply for drinking and cooking is from streams and lakes and from town and city mains in the "occupied" territory. As in combat, it will be hauled to the troops in the front lines. The haul to some of the base camps and battle areas will be by railroad tank cars, which will go forward with the daily train of food supplies; to others, water will move up in tank trucks. Before reaching the canisters on the belts of the soldiers, the water is transferred to milk cans and hauled in trucks or carried by hand, however.

The purification units consist of a rapid sand filter through which water is forced by pumps. The water is purified by filtration through charcoal and the addition of chlorine. After being filtered, it is stored in canvas, wooden or metal tanks until ready for use.

Besides using railway tank cars, the 80th Engineers will employ 90 new tank trucks, each with a 750-gallon capacity, in hauling water to thirsty soldiers and to mess sergeants for cooking. The units below the divisions have officers and men assigned to water supply, who haul water to their respective stations in the field in 10 gallon milk cans.

Army regulations allow five gallons per soldier per day for drinking, cooking and bathing. Horses need twice as much per day, so that runs cavalry water supply up. But on the march, a soldier's requirements average two gallons, but a horse's consumption remains the same.

In combat, a soldier can get by very well on two quarts per day, and a horse on three to five gallons per day.

Boy Is Drowned In Slippery Rock

(International News Service)
BUTLER, Pa., Aug. 6.—Earl Anderson, 14, of Carlisle, was drowned in Slippery Rock creek today, despite efforts of camp leader Clarence Norris to save him. The youth was a member of the Admiral Byrd Club, sponsored by the D. A. R., which had moved its camp to the Sanderson farm 15 miles north of Butler yesterday.

Norris attempted to save Anderson but was pulled under water himself. He managed to get away and with the help of Ralph A. Nicholas, Jr., pulled the body from the creek 20 minutes later. The fatality occurred about 10 a. m.

(Special To The News)
CAMP FRED L. RENTZ, Aug. 6.—They have a method of beating the heat at Camp Rentz—when Old Sol stares down the campers get the rowboats out and have exciting races on the Slippery Rock!

The racing warms them up, but the other heat is forgotten. And besides, participants cover themselves with the healthiest bronze color you'd want to see.

The Tully cabin won yesterday's showboat contests, while Phil LaScala bested rivals in the mosquito boat races.

Last night the whole camp hiked to Plaingrove and back.

STARS AID DEFENSE
(International News Service)
HOLLYWOOD — Hollywood film stars are certainly doing their bit for national defense these days. When the United States Army recently appealed for blond hair, which is urgently needed for weather-measuring instruments, such screen beauties as Priscilla Laine, Jean Ames, Georgia Carroll, Joan Winfield and Maris Wrixon were among the first to sacrifice some of their tresses.

Governor James Approves Measures

One Increases Pay For Teachers In Fourth Class School Districts Of State
(International News Service)
HARRISBURG, Aug. 6.—Gov. Arthur H. James today approved measures unifying the state's civil service under the administration of a three-member civil service commission, and increasing the salaries of fourth class district school teachers, but vetoed the new marriage codification law.

The new civil service bills do not extend the merit systems already in effect for state liquor, relief, employment service and unemployment compensation employes, but place them under control of the new commission, for the administration of whose duties the legislature appropriated \$250,000.

Fourth class school district teachers will receive, effective immediately, \$1000 annual salaries for elementary teachers and \$1200 for high school teachers. In addition the two classification of teachers will receive two annual increments of \$50, effective for the 1942-43 school year.

In vetoing the Reading-Eckles marriage codification act the governor stressed his strong opposition to provisions which made it possible to nullify bona fide marriages when it was later discovered that they had been illegally entered into.

Horse Runs Away On Long Avenue

When a horse pulling a wagon became frightened in West Long avenue Tuesday afternoon the horse ran away, sideswiped an auto driven by Mrs. Leo Vernino, R. D. 7, and the crash resulted in the teamster, who gave his name as Rogovin and address as Reynolds street, being thrown out of his seat. The wagon wheels passed over his body causing him injury, city police reported today.

Policeman Yachowitz was enroute to police headquarters when he saw the horse dashing madly through the most important business lane of the South Side section.

After the horse stopped its mad flight it was taken to the barn of a barking concern.

The horse was drawing a wagon used to haul scrap. It was reported.

'BLIND ALLEY' TO BE OFFERED NEXT WEEK

New presentation dates for "Blind Alley," Provincial Playhouse play originally scheduled for this week, today were announced as August 12, 13, 14 and 15.

Director James W. Sotus of the players' group said Margaret Shaw, associated with play production at Westminster college, will play the role for which Mary Ellen Henderson had been cast. Miss Henderson is ill.

Miss Shaw becomes a new Senior high teacher in the fall.

Snow Removal Program Is Planned In Torrid August

HARRISBURG, Aug. 6.—Engineers of the Pennsylvania Department of Highways are busy these torrid August days deciding on what sections of roads are to be included in next winter's snow removal program.

Last season the department's snow removal work covered the largest mileage in its history when more than 19,230 miles of highway were kept clear of snow and ice.

Studies are being made by the engineers as to the necessity of adding mileage to the snow removal program in areas where industrial plants are busy on the federal government's rearmament program. Labor for many of these plants commutes considerable distance from rural communities.

The department does not commit itself for complete snow removal service on roads carrying less than 100 vehicles a day. Since traffic on some rural sections has increased in recent months due to workmen commuting to plants engaged in national defense operations it may be necessary to increase the mileage of roads this winter on the snow removal program.

Engineers in the field have been instructed to give this matter consideration so that these highways may be added to the program for the coming winter.

In addition to keeping the roads open for travel during the winter so that workmen can get to plants engaged on rearmament work, engineers of the department realize the necessity of efficient snow removal in order that the output of these establishments can be shipped after they are produced. Many of

the plants scattered throughout the state which are engaged on national defense orders rely on highways for the shipment of the finished article.

The department already has placed orders for new trucks and snow plows that will augment the equipment used last year. These contracts were awarded this summer weeks earlier than usual so that the department would not be handicapped itself in having adequate machinery on hand this winter for the snow removal work. With many plants engaged in national defense work the department anticipating some delays in the delivery of the new equipment decided to buy the trucks and plows during the summer instead of waiting until early fall as had been the previous practice.

Plan To Force Plants To Accept Defense Contracts

By JACK VINCENT
International News Service Staff
Correspondent

WASHINGTON, Aug. 6.—The O. P. M. is planning action to force the steel mills to accept defense contracts even if this results in the complete sacrifice of all non-preparedness production, it became known today.

An order to this effect will be signed in a few days and will be the third of its type issued by the O. P. M. in the drive to get the munitions makers get adequate supplies of raw materials.

Similar orders have been issued for defense business in copper and pig iron. Ammunition contracts for the two vital raw materials must be accepted by producers even if acceptance will render impossible, or result in deferment of, deliveries under non-defense orders previously accepted.

The copper and pig iron orders now are before the experts drafting the new steel regulations and at the present time it is planned to insert the same phrase word for word in it.

The action will have the general effect of making steel deliveries for

non-defense uses uncertain in the future. If a private manufacturer has ordered steel for civilian production, any defense order must be accepted first and the manufacturer will have to wait, or, if a shortage of steel develops, do without delivery.

It was not known how the new order will affect deliveries of steel to the automobile industry. However, defense officials believed they could allocate enough steel to motor car manufacturers to allow them to continue production at a 50 per cent rate, compared to last year's production.

But if there are new defense appropriations of billions of dollars the picture may change overnight. A shortage of scrap iron now is threatening to curtail operations at steel mills. If it becomes serious, it will mean that civilian orders will be crowded further off the schedule of delivery dates.

Defense officials refused to estimate how much steel now will be allocated to non-defense production. However, it was almost certain that a wide range of products containing steel will become scarce on the American market.

Slayer Of Wife And Bus Driver In Akron Is Dead

AKRON, O., Aug. 6.—Edward Hudson, 47-year-old machinist, who killed his wife and a bus driver and injured three other persons in a city bus here before turning the gun on himself, died last night at Peoples hospital.

Attendants had held little hope for his recovery since he entered the hospital with a bullet wound in his heart.

Death came to the slayer a short time after he had told George Farr, assistant Summit county prosecutor, that he had planned several hours before the shooting to kill his wife, Loretta, 38, if she refused to return to him.

Mrs. Hudson was killed in the bus, into which Hudson followed her when she sought protection.

Harold Klink, a bus driver, on way to work, was killed and the other three persons were hurt because Hudson told Farr, he "didn't want them to bother me."

Harry V. Stripes, the bus operator, remained in a serious condition at the hospital, and Edward Robinson, a passenger who threw himself on Hudson, still was in serious condition in City hospital.

Fleeing from the scene in his automobile, Hudson fired the fatal shot into his heart as he was being pursued by police.

Accident Near East Palestine Fatal To Man

SALEM, O., Aug. 6.—Columbiana county's traffic fatalities for the year were increased to 13 Tuesday when Francis Dudgeon, 39, of Collins, O., a truck driver, died here of injuries suffered in a truck-train collision at a crossing near East Palestine.

Highway patrolmen said the truck struck the side of a Pennsylvania Railroad locomotive, which was moving four freight cars from an industrial plant switch. Witnesses said the train crashed into the truck. Dudgeon's widow survives.

Outings Scheduled For Cascade Park

Hundreds of children are anticipating a big day Thursday because that is the time set for the annual City Rescue Mission picnic at Cascade Park. The outing always results in a big crowd and a good time, far removed from traffic's danger.

Other outings scheduled this week at Cascade Park follows:

Wednesday: Mahoning (elementary school); American Home Watchmen, No. 45 and I. V. D. class of the First Christian church.

Thursday: St. Mary's Sodality.

Friday: United Commercial Travelers.

Saturday: Bauman-Bauer reunion; Fletcher reunion and Drusich reunion.

Sunday: Setteman reunion; Weitz reunion; Schriver reunion; McKee reunion and G. N. Club outing.

Ranks 1941 As Real Boom Year

(International News Service)
DETROIT, Aug. 6.—The prosperity of 1929 is overshadowed by only one year—1941—as far as Detroit is concerned.

Detroit is weeping no more for the good old days, for they were not so good after all, according to Detroit Board of Commerce figures, compiled for the first six months of this year.

The dollar buys more now than it did then. In 1929 the shopper paid 18 per cent more on each dollar than he will now. He can buy five pairs of socks for the price he paid for four then. Department store basic sales are up 20 per cent now over 1929.

True, prices are slowly rising now,

Pirates Win As DiMaggio Homers

Defeat Cincinnati Reds 7 To 5 To Extend String, Cleveland Wins 2 To 1

By PAT ROBINSON

NEW YORK, Aug. 6.—Of all the ball players developed by the late John McGraw of the Giants, none ever bore the stamp of the old master like Frankie Frisch, the current boss of the Pirates.

And Frisch runs his Pirates today much as McGraw used to run the Giants. Both hated to lose and both were always strong exponents of the old college try. Lending on the job is plain reason to Frisch just as it was to McGraw.

McGraw never had a word to say about a mechanical error and neither has Frisch. But a dumb play will always put as much vitriol on Frisch's tongue as the same kind of play would on McGraw.

Pirates Trip Reds
Like McGraw, Frisch knows how to mix sugar with vinegar and while he doesn't curlew the players as strictly as McGraw was wont to do still he keeps a tight disciplinary rein on them.

We do not expect the Pirates to win the pennant this season but we do expect them to climb high enough to make it a three way race with the Cardinals and Dodgers and should either of the front runners falter, the Pirates might easily climb another notch.

Cubs Down Cards
They added another victory to their string yesterday when they took the Reds, 7-5, with Vince DiMaggio's three-run homer the payoff.

Meanwhile the Cardinals dropped half a game to the idle Dodgers when Vern Olsen of the Cubs let them down with four hits, the Cubs winning, 6-2. In the only other game in the National the Braves overcame a 2-3 deficit in the seventh to beat the Phils, 10-9 in a game in which the Braves used five pitchers and the Phils four.

Over in the other circuit, the Yankees, playing sloppy baseball, dropped one to Alex Carrasquel, the Venezuelan of uncertain age, and the Senators, 4-3.

Cleveland Wins
The Red Sox blew a nice lead, then came from behind to take the Athletics, 6-5, with a nod going to Charley Wagner's sterling relief pitching. The only other American League

Dodgers Buy Two From Atlanta Club

(International News Service)

NEW YORK, Aug. 6.—The Brooklyn Dodgers were minus a reported \$70,000 today after purchasing Lester Burge, slugging first baseman, and Bob Chipman, a 22-year-old southpaw flinger, from the Atlanta Crackers. They will report at the close of the Southern Association campaign.

HERE AND THERE IN SPORTS LAND

On July 1 the only dean in Penn State history who did not possess a college or university degree was retired. As a token for his many years of loyalty, "Dean" Burrell was presented with a gold watch on the back of which was engraved, "To Dean Burrell, in appreciation of many years of faithful service in Penn State athletics, from his associates, 1941." The story of how this man, who has equipped all Penn State athletes for 25 years, received the title of "dean" dates back to 1922 when the Penn State football team returned from the Rose Bowl, in appreciation of his work, the team decided to make him "dean of the track house." The track house, no longer in existence, was then the quarters of all Lion athletes. From January 1, 1923, the man who had outfitted Nittany Lion athletes with everything from shoe laces to the knee braces which he himself designed, has been known only as "Dean" Burrell.

Paul Sealy, Ingomar, Penn State's National Collegiate 175-pound boxing champion, joined the flying cadets immediately following his graduation in June.

The draft will probably rob Penn State of two outstanding athletes next year. Barney Ewell, co-holder of the title, "the world's fastest human," and who was named in three events on the N. C. A. A. All-American track team, will report to his selective service board about September 1. Bobby Baird, Clairton, Penn State's boxing captain-elect for 1942 and runner-up for the 145-pound National collegiate crown, is already in the army.

Frances Eacon won the 2:17 trot. Court Jester took the two-year-old pace. Cannonball apprehended the two-year-old trot and Signal Handover was the victor in the classified race at Goshen, N. Y. At Cumberland, Roman Boy won the Whiting purse event.

When the next boxing show is held here every New Castle amateur who wears mits will be in action. They'll be opposed by out-of-town fighters. It is difficult to secure good amateurs in this section, many of them having entered the professional ranks or received lucrative employment.

Hillsville, the jinx of Lawrence county teams, hopes to take the measure of the league-leading Ellwood City team at 5:45 p. m. today at Ellwood City. Hillsville braced its team some time ago and a good game is in prospect. Bessemer will play at Wampum if the teams can muster a full lineup.

Bob Feller passed his Selective Service physical examination at Cleveland, Tuesday. New York appears likely to be the scene of the Louis-Nova heavyweight fight September 17. Ed Paulie has resigned as football coach at Swissvale to enter business life.

Whirlaway hopes to stage a comeback today in the Saratoga stakes at Saratoga Springs and Bill Gallion has been installed as a three to one favorite to capture the \$45,000 Hambletonian at Goshen. Doug Mills, Illinois U basketball coach, has been appointed director of athletics at that institution.

Mrs. Marie Evans' Shot Put is favored to take the \$2,500 Isaac Murphy handicap, the first distance race of the season at the Washington park meeting. Jim Brady of Dundee retained the British empire bantamweight championship by outpointing Jackie Peterson of Glasgow in 15-round bout at Glasgow last night.

Fannins Defeat Donofrios 7-3

The Fannins softball team on Monday night defeated the Donofrios at the Progressive field in Mahoningtown 7 to 3, with Dinks Lane the winning hurler and Carbone the loser.

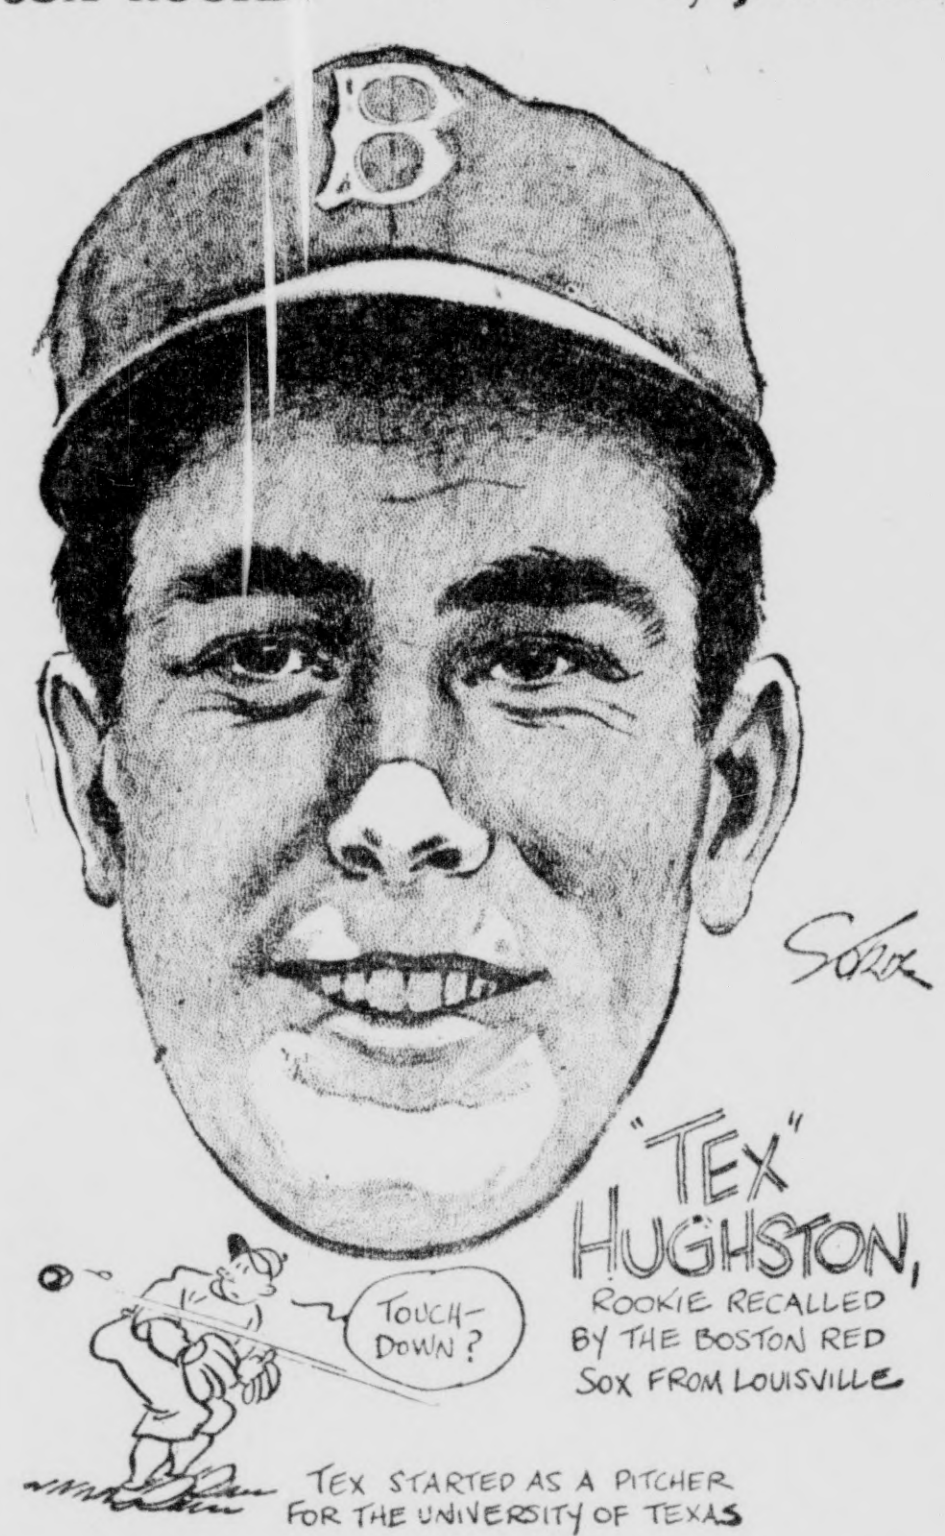

Lane only gave the Seventh Warders five hits. Hutnick featured the Donofrio attack with a homer with one man on base.

The hitting of Marcella, Laitinen and Fazzone, the latter bashing a homer, featured for the Fannins. Score by innings: R H E. Fannins, 400 102 0-7 10-2. Donofrios, 210 000 0-3 5-1. Batteries—Fannins, Lane and E. Laitinen; Donofrios, Carbone and Miron.

ROOKIE STAFF
PHILADELPHIA—Connie Mack is banking strictly on rookie pitching this season. His staff is dotted with four yearlings—Lester McCrabb, Phil Marchildon, Luman Harris and Tom Ferrick.

Elders Leading City-County Loop

The managers of the city-county baseball league met last night and decided to adopt the Shaughnessy system for the playoff of the second half title. This means that four teams will compete. Pulaski won the first half championship.

The Elders are leading the league the second half with three wins and one defeat. The Pulaski team is in second place with five and two. The standings of the league to date:

	W.	L.	Pct.
Elders	3	1	.750
Pulaski	5	2	.714
Flats	4	2	.667
Civics	4	3	.571

Civics at Shamrocks.

HENRICH GET IDEA

NEW YORK—Taking a tip from his slugging mates, Tommy Henrich threatens to be one of the top home run clouters in the American league this season. Last year, the New York Yankee outfielder belted only 10 circuit blows and stands a good chance of tripling the mark.

MINIMUM BOOSTED.
Under the new Illinois racing law, tracks within 50 miles of Chicago must offer a minimum of \$6800 daily stakes.

Jack Doyle's odds on a hole-in-one are \$200,000 to \$1....After capturing the unofficial world's golf crown from Vic Ghezzi, Craig Wood, who took down a prize of \$2,500 in incidentally, says he'll meet anyone for the laurels. At those prices, why not?...In 1939, Terry Moore, captain of the Cardinals, didn't drop a fly ball.

Have you noticed the shortage of advance boxing stories lately? The biggest publisher in the "biz" has ordered a general cut down on the advance publicity. Man O' War, the famous horse, is 24. The plug won't be worth a nickel, so far as insurance is concerned, when death comes. Insurance firms won't grant policies on nags after they pass the 19-year mark.

According to coast scribes, Sam Barry will be Southern California's new coach. Barry has been coaching basketball and baseball at S. C. Not that it makes any difference but "Babe" Ruth hit only one homer while in the minors. Of the 12 pitchers who have bagged 300 or more major league triumphs, "Lefty" Grove has the best percentage. His meter reads .685. Grover Alexander, his nearest foe, has a .640 mark.

Burleigh Grimes, who was ordered to spend one year in the doghouse,

West Pittsburg Trips Ryantown

The West Pittsburg Gas House gas came through with a 10 to 4 win over the Ryantown boys last night at the West Pittsburg field with Lazar hurling a steady eight-hit game and Walzer being the losing heaver.

West Pittsburg had only six hits off Walzer but bunched them for eight runs in the second inning. James Macky had a scorching triple for the longest hit in the game.

Thursday night the West Pittsburg boys will be at the Clifton Flats field to battle the Slovaks.

Moose Defeat West Side 5-3

Al Smith Pitches Fine Five-Hit Ball As Moose Keep League Lead

Behind the swell five-hit pitching of young Al Smith, the Moose club defeated the West Side A. C. last night at Marshall field, 5 to 3, to keep the league lead in the city loop. It was the ninth win against one defeat of the Moose in the second half.

The Moose boys teed-off on Scotty Morrison in the first inning for four of their runs. Mash for the Moose had the only extra-base blow in the game. Ducky Guinagh had two hits for the winners, and Soho had two for the West Side.

A West Side rally in the first of the sixth was cut short with three runs spattering over the platter.

Connie's Big Four Still In Baseball

(International News Service) PHILADELPHIA—While many of the great baseball stars step from the diamond into business or into retirement to live off their invested baseball earnings, four of the all-time scintillators, who made up the \$100,000 "dream" infield of Connie Mack's old Philadelphia Athletics are still in the game.

First Baseman Stuffy McInnis is baseball coach at Norwich University. Second Baseman Eddie Collins is general manager of the Boston Red Sox. Shortstop Jack Barry is coach at Holy Cross, and Frank (Home Run) Baker heads the Eastern club of the Eastern Shore League.

Johnson Bronze To Have Outing

Paul J. Failla, president of the Johnson Bronze Athletic club sponsored by the employees, announced the annual summer outing will be held at Akoma picnic grounds off the Neshaunock Falls road on Saturday, August 9, starting at 5 o'clock.

There will be several hundred attend the outing. Mr. Failla stated, and there will be plenty of interesting events in sports, games and amusements for all who attend. The Bronze employees, members of the athletic association are looking forward to a very enjoyable day.

CHELINI ON OWN

INDIANAPOLIS—Italo Chelini, Indianapolis pitcher, has been granted permission to make a deal for himself. He is endeavoring to win a pitching job on the Pacific coast.

ST. LOUIS—In the tight spots, Ted Moore, St. Louis Cardinals' captain, is at his best. He ranks as one of the best outfielders in the business. At the plate, he packs plenty of wallop.

Gary Cooper is being considered to play the lead in the sports film, "The Life of Lou Gehrig...." The Sporting News hints that Doc Prothro may quit his Philly managerial job to accept a post in a southern loop. Murray Patrick, the famous New York Ranger hockey player, enters the army on August 14.

Detroit Ready To Oust Baker

DETROIT, Aug. 6.—The Detroit Times said today in a special dispatch from Cleveland, where the Detroit Tigers are meeting the Indians, that Manager Del Baker's one-year contract would not be renewed for 1942 but that Baker if he so desires will remain in the Tiger organization, probably as manager of a farm club.

The newspaper said that owner Walter O. Briggs plans a "complete overhauling of the Tigers" with one of the following taking over the managerial duties—Jimmy Dykes of the White Sox; Oscar Vitt, former manager of the Cleveland Indians now managing Portland in the Pacific Coast league; or Steve O'Neill, Tiger coach.

Dykes reportedly, without direct confirmation, has been offered the job of managing the Tigers. As to whether Baker would return next year, Owner Briggs would not comment. Baker himself said:

"I have never discussed plans for next year with Mr. Briggs."

Church Golfers Battle Thursday

The New Castle church golfers will be back out at the Castle Hills course on Thursday night for another round of interesting matches, starting at 5:30 o'clock.

There is a hot race in progress at the moment between the league leading First Christians and the Mahoning teams for first place with the Christians holding the edge at present by four points 25 to 22.

The schedule for Thursday with the starting line-up:

Mahoning vs Epworth—Tee No. 1.
First U. P. vs First Christians—Tee No. 10.
Temple Israel vs Highland—Tee No. 10.
First Methodist vs. Trinity—Tee No. 1.
St. Marys vs First Presbyterian—Tee No. 1.

LOSS NOT SERIOUS

The wise money boys say that loss of Fritz Ziv's welterweight crown is not too serious. They claim this defeat guarantees a "terrible" rate when Fritz meets Red Cochrane in a return bout and that the Pittsburgher will win in a walk.

SIGNED BY K. C.

KANSAS CITY—Ted Kleinhans, released recently by Syracuse, has been signed by Kansas City of the American Association.

GRIMES INDIANS' ACE UTILITY MAN

CLEVELAND—Oscar Grimes is a handy guy to have around a baseball club.

Grimes, a member of the Cleveland Indian roster, does practically everything but sell programs, and he could even do that if moguls ask him. With Tricky out of the lineup, Grimes took over at first. Lately, he has been filling in at second base. Grimes can play every position, except the backstop and hurling division.

Market Continues Its Aimless Drifting Today, Few Gains Are Made

(International News Service)
NEW YORK, Aug. 6.—The stock market continued its aimless drift today. Price changes in most instances were meaningless and volume showed a further shrinkage from recent low totals.

A feature was the break of more than 2 points in United Aircraft to 38. Most other aviation shares eased in sympathy, although Consolidated Aircraft continued independently strong. The latter rose about a half-point to a new high for the year.

Several issues bucked the trend for gains in active dealers. Paramount, Schenley, Gimbrel and New York Shipbuilding all reached new 1941 tops on fractional advances. Owens-Illinois Glass ran up a point, while American Shipbuilding did slightly better.

Steels generally continued hesitant, with Bethlehem, Republic and Youngstown Steel & Tube slightly under last night's closing levels. U. S. Steel was unchanged through most of the morning.

Coppers also were easier, as were rails and rubbers. Electrical equipments, farm implements, mail orders and chemicals were mixed. Motors were barely changed.

Sugars came forward in the second hour under the lead of American Sugar, which rose almost a point.

Horse Struck By
Auto On Ellwood
Road Last Night

When an auto, said to have been driven by Charles McQuiston of 109 East Moody avenue struck a team of horses pulling a load of hay at 8:20 p. m. Tuesday, eight miles south of this city on the Ellwood road, one of the horses was so badly injured the animal had to be shot to death, according to the Pennsylvania Motor police.

It was reported that McQuiston was driving his auto south. He was passing a preceding car when his car struck the team.

There were no lights on the vehicle used to transport the hay because it is an inflammable material and such are not required, it was reported today.

The auto was damaged, also the wagon which hauled the hay.

Knox And North
Sewickley Play
At Frisco Tonight

Game May Decide Second Half Winners Of Church Softball League

ELLWOOD CITY, Aug. 6.—Interest of the Neighborhood Church Softball League will be centered tonight upon a game between the North Sewickley and the Knox Presbyterians to be played at the Armory field, Frisco.

North Sewickley has won 7 games and lost 2 and if they emerge victorious tonight, they will be the second half champions. Should they lose, they would be tied with Wurttemburg and the Immanuel Reformed for first place, in the second-half struggle. Much rivalry exists between the two teams and by good fortune each team will have its full strength for the contest. The North Sewickley outfit have been unable to outscore the Knox group this year.

Knox won the first half championship and the second-half winners will have to play them a five-game series to determine the season's winner.

At a recent meeting of team managers it was agreed to hold the annual league banquet on Saturday, September 6, with arrangements to be made by Art Smith, Harry McCloskey and Rev. L. A. Lightfritz.

Gettman-Howell
Marriage Is Told

ELLWOOD CITY, Aug. 6.—Announcement has been made of the marriage of Miss Rosetta Gettman, daughter of Mr. and Mrs. W. L. Gettman, of West New Castle street, Zelenople, to Arthur Howell, son of Mr. and Mrs. A. J. Howell, Todd avenue.

The ceremony was performed on Saturday, August 2, at the Reformed church, Zelenople, by Rev. J. H. String, of Cleveland, O., former pastor of the church.

Attendants were the bride's sister, Miss Isabel Gettman, and Robert Hunter, of this city.

Following a wedding dinner, the couple departed on a trip to the New England states. They will reside in this city where Mr. Howell is an employee of the National Tube Company.

True Blue Class
Meets On Tuesday

ELLWOOD CITY, Aug. 6.—Mrs. William Mayberry graciously entertained members of the True Blue class of the Slippery Rock Presbyterian church at her home, Ellwood, in serving a refreshing lunch.

Following a lunch, the members of the class met for a number of years. Future activities were suggested for the camp.

Special guests were past lieutenant governor, J. Martin Fry, of State College, and J. A. Meister, of Philadelphia.

Next week a joint meeting and ladies' night will be held with the Rotary club.

Defense Firm Turn To Older Men For Skilled Labor Aid

Men Over 55 Years Of Age Help Solve Problem In Philadelphia Plant

(International News Service) PHILADELPHIA, Aug. 5.—Clayton Hough, superintendent of the Penn Rivet corporation, one of the five major rivet manufacturers in the country, has a way of licking the lack of skilled manpower for the national defense program.

His scheme: put the men over 55 back to work. Will it work? Hough was forced to try it two months ago when he was unable to get enough men to make rivets for the army, navy and marine corps. The results astounded him and opened up this vast reservoir of still useful if somewhat aged labor, he said.

Desperate for help, Hough inserted a newspaper ad an inch high in the back pages. It said:

"WANTED — Machinists, lathe and shaper hands, 55 years of age and over."

Heavy Response Attracted
Nearly 100 men answered and Hough hired six of them, aged 58 to 72. About 20 per cent of the 299 men in his plant are in late middle life.

"I don't know why older men haven't been brought back before this," he said. "The idea isn't revolutionary, but it has far-reaching results. Men who were kicked by the depression, who had lost faith in themselves, are getting back to work, helping fill the shortage that was hampering the defense program."

"Though the machinists' trade is a difficult one, with nervous strain, metal dust and long hours mixed through the early years, these men earn well what they learn and their machines change much less than they do."

Lose Little Time
"The oldsters have had a rest for years and they don't require any more time off than the young fellows. They lose an occasional day on account of rheumatism—but young men do on account of hangovers."

Many of the old men were machinists in the World War and have come back from retirement to do their bit for national defense. They turn out about 75 per cent as much work as the younger men and their slowness prevents the machines from being run at peak capacity, but their experience makes them valuable.

As the old-timers come on the job they are given simple jobs to get them used to things again. Then they are set to work.

"I think these old fellows will stay with me longer than the younger men," Hough said. "Young men are restless, want new experiences. These fellows look permanent."

Large Flock Of Swallows Seen On West Side

Doubtless, during the summer, many bird lovers have been thinking how they might attract the swallows to their premises. Owen Fox wonders if the people living on Smithfield street, saw the large flock of tree or high flying swallows, that were perched on three strands of electric light wires, a few evenings ago, near the fire engine house. These birds were perched head to tail alternatively, in perfect order. Mr. Fox states that this is an unusual sight, and wished he had a picture of it.

These birds are hole nesting birds and like birds of that kind, can be attracted to nesting boxes.

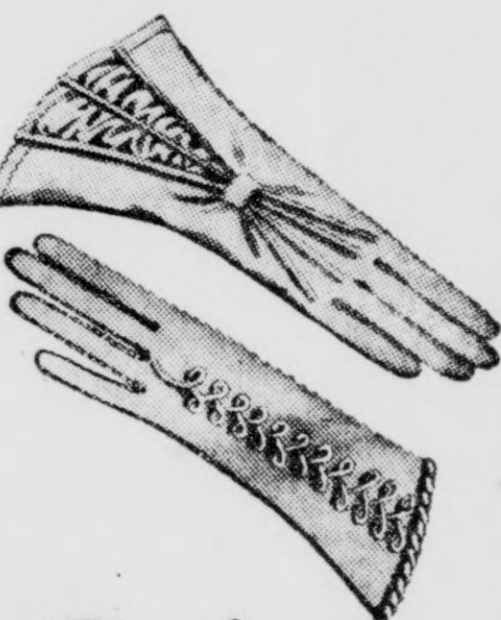

The barn swallow is noted for its war on insects, but the tree swallow is far superior as an insect gleaner. This swallow is held in high regard in any locality it chooses to make its abode.

These birds spend the cold months of the year, in the southern parts of the United States.
